NEW DELHI the 16th December, 1954

Subject:- GRANT OF ASSISTANCE TO THE STAFF OF THE ARCHAEOLOGICAL DEPARTMENT.

Sir,

I have the honour to state that the Epigraphical Assistants of this Department have to conduct village to village epigraphical survey. Sometimes they experience extreme difficulty in collecting the inscriptions without the help of taluk peons to guide and accompany them in the interior localities. It is obvious that the success of such a survey depends in a large measure on the assistance of the local public as it is from them that the information regarding the existence of inscriptions, copper plate grants, etc., is obtained. Moreover, the mere presence or presence of a taluk peon is often sufficient to impress the villagers to divulge the information. In order to enable the members of this Department, who have no local influence, to do their work effectively, it is requested that you will be so good as to issue instructions to the District authorities in your State to place the services of taluk peons at their disposal whenever required. Such facilities are afforded by the Governments of Bombay and Saurashtra.

Yours faithfully,

B. Ch. Chhabra

Your letter No.E.17055 dated
14-12-55.

I write to state that Taluk Office peons cannot be spared as there are not sufficient number of peons owing to the retrenchment of some posts as a measure of economy. The services of a few of them can however be spared if they are treated as on - - foreign service and their pay and allowances are met by the Central Archaeological Department. Kind reference is invited to Government Order No.C. & D. 5758-62/Geo. 15-54-4 dated 4/8-2-55 where Government have agreed to a similar proposal on a similar reference made by the Superintending Geologist, Geological Survey of India, Madras.

I am directed to refer to your letter No.26 B/5/54.G.320, dated 16th December 1954, on the subject noted above, and to state that owing to retrenchment of peons in Taluk Offices, as a measure of economy, it is not possible to spare peons from Taluk Offices, unless substitutes are appointed in their places. I am to enquire whether the Archaeological Department of the Government of India are prepared to meet this expenditure. A similar arrangement was made in the case of peons lent from Taluk Offices for work connected with the Geological Survey of India in the State. After receipt of a reply from you, necessary instructions will be issued to the Deputy Commissioners of Districts.
